

Duck Down Records Announces A New Album Deal With B-Real "Smoke N Mirrors" In Stores January 27th, 2009

In a continuing effort to expand their talented roster of artists, Duck Down Records has just announced a new album deal with B-Real, of Cypress Hill for his first solo album debut, "SMOKE N MIRRORS," in stores January 27th, 2009.

"Smoke N Mirrors" features SNOOP DOGG, DAMIAN MARLEY, BUCKSHOT, SEAN PRICE and SEN DOGG, of Cypress Hill. Production includes tracks from DJ Quik, Fredwreck, Scoop Deville, and B-Real himself for Audio Hustlerz, Inc. B-Real is currently on the ROCK THE BELLS Tour with Nas, Tribe Called Quest, Method Man, Ghostface, Immortal Technique, Kidz In The Hall and more.

B-Real is the latest addition to Duck Down Records, who just recently announced a group project with KRS-ONE & Buckshot, that will be in stores in 2009, along with upcoming projects from DJ Revolution, "King Of The Decks" (September 16th) and a re-united Heltah Skeltah, comprised of Rock and Sean Price, aka Ruck, who, after ten years, are releasing their third album, "D.I.R.T." (Da Incredible Rap Team), on September 30th. Following this project is Sean Price Presents Ruste Juxx "Indestructible" in stores October 28th.

These titles come on the heels of Duck Down's recent success with 9th Wonder & Buckshot's "The Formula" Album, and Kidz In The Hall's album, "The In Crowd," who recently filmed a video for their second single "Love Hangover" featuring Estelle.

Dru Ha, co-owner of Duck Down Records believes; "Adding another living legend in B-Real to our roster is really giving Duck Down a "dream team" line up for independent Hip Hop." Buckshot and I have been strategic with our label partnerships mixing the right blend of emerging artists with proven veterans. When you add the upcoming Random Axe Project (Sean Price, Guilty Simpson and Black Milk collaboration set for a 2009 release) we're excited about our ability to continue contributing quality Hip Hop albums to the game.
