

Murs Announces October 14th Release Of "Murray's Revenge: The DVD"

The L.A.-based underground phenomenon Murs announces the upcoming October 14th release of "Murray's Revenge: The DVD." Having collaborated with the likes of Snoop Dogg, will.i.am, Humpty Hump (of Digital Underground), Slug, El-P, Aesop Rock, RJD2, Hieroglyphics, Little Brother, 9th Wonder, E-40, Mr. Lif, Jean Grae & many more, Murs is well known as a lyrically potent MC. Having cut his teeth on the underground circuit (and earning the credibility and respect that have kept him at the top of the indie hip-hop world) the self-proclaimed eclectic and genre-bending, politically charged and musically adventurous rapper is ready to be the spokesman for the future of hip-hop.

Fresh off the hype from numerous appearances on the legendary "Rock the Bells" tour, multiple engagements with his own "Paid Dues" tour and the release of his new album "Murs for President," Murs offers an exclusive peek into life on the grind with "Murray's Revenge: The DVD." Catch Murs on tour, in concert, behind the scenes, making music videos, starring in short films and much more. Experience the

road,
the life, the fantastic and the mundane with none other than
the king
of L.A. underground.

Murs will never stop Making Underground Raw Shit.
