The Contest:

On May 12th, Tanya Morgan released their highly acclaimed sophomore LP, Brooklynati. Now, to celebrate the album's success and the release of the trio's "Never Enough" iTunes single, Tanya Morgan is giving aspiring producers an opportunity to remix the group's new single. Native Instruments, 2dopeboyz, Tanya Morgan, Interdependent Media, Society Original Products, and Audible Treats have joined forces and are proud to present the "Brooklynati's Got Talent Remix Contest." After downloading the Acapella of "Never Enough," featuring Tanya Morgan's and Carlitta Durand's vocals (found at the link below), contestants will have two weeks to craft their best beat and submit their remixed version of the song to be judged by Tanya Morgan and their label, Interdependent Media.

First and second place winners will be awarded. First place winner will be awarded prizing from Native Instruments, Society Original Products, Tanya Morgan, and Interdependent Media. Second place winner will be awarded prizing from Tanya Morgan and Interdependent Media (a full list of prizing is provided below). So... do you have what it takes to be Brooklynati's #1 producer?
