And to answer the question posed by many as to why a woman with her wealth needed the extra 2 million for the gig the answer is that even the most successful of performers have a steady winning streak or a heyday as it called where their worth is at its highest. The intelligent ones make all the money they can while they can. And like most big American companies she wants to expand the distribution of her product which would be her live shows. By performing for this powerful family it will make it easier for her to gig in that part of the world in the future.

The Gaddafi family went out of its way to befriend George W. Bush and Libya has been a US ally for seven years.

Lastly the media didn't even fact check the show because it was hosted by [Muatsim-Billah Gaddafi](#) the BROTHER of Moutassim Bilal "Hannibal" Gaddafi and "Hannibal" is the one with the public history of domestic violence NOT Muatsim.
