HiPNOTT Records delivers Vol. 2 of their two-part 2010 Takeover free download mixtape series. Presented by HIPHOPDX.com and KevinNottingham.com, this 22-track lyrically driven hip-hop montage is skillfully mixed by DJ Mark-1, who also created the intro, and displays a combination of emerging label signees alongside several hip-hop heavyweights. While Vol. 1 hit listeners with an aggressive trunk worthy hip-hop energy, Vol. 2 provides its antithesis with a more laid back, thought provoking, headphone hip-hop sound.

HiPNOTT Records 2010 Takeover Vol. 2 talent includes ArtOfficial, Amor Jones, DXA, Emilio Rojas, Epsilon Project, Hawdwerk & Jansport J, L.E.G.A.C.Y., Mach Five, MaG, Stevie Crooks, and Tunji of the group Inverse, as well as HiPNOTT artists Cymarshall Law, Has-Lo, E Reece, Spectec & Amiri, Jermiside & Danny Diggs, WEB and The Movement Fam (Cee & Bekah, Notion, Tommy Gunnz).

“The artists that we work with and those signed to HiPNOTT have the same things in common – they want to be put on, they want the masses to hear their voice, they want to share their story,” HiPNOTT Records COO, Kareem Fort said. “We created the 2010 Takeover mixtapes to showcase a variety of artists who each have their own unique interpretation of what hip hop is to them, and we stand behind their perspective 100%.”
