

Saidah Baba Talibah-Herstory

[vimeo]15797367[/vimeo]

Saidah Baba Talibah is an artist who describes her music as raunchy soul. She definitely has taken a page from Tina Turner in the respect. You may have seen her video for [“Place Of Grace”](#) which looks like a period piece shot in a juke joint. The Herstory video gives you insight into who she is through her and the words of others.
