

# MP3: Georgia Anne Muldrow – “Zulu Bounce”

With Georgia Anne Muldrow’s new album, VWETO – the album title means “gravity” in Swahili – already garnering excellent reviews just a week after it’s exclusive iTunes release, the renowned singer/producer is releasing the second single from the album, “Zulu Bounce.” As the title implies, the instrumental track is loaded with bouncy funk synths, lead synths, and more, all layered atop a smattering of syncopated drums and snapping snares.
