

Nottz Raw & Asher Roth – Rawth EP

Taking advantage of the lull between holidays, Asher Roth and Nottz have blessed us with an EP entitled Rawth, which is available for free download from Nottz' label's site, rawkoncept.com/rawthep. In just 8 short tracks, Nottz demonstrates his wide-ranging production talents to match Asher's honest and clever lyrics. Featuring guest appearances from D.A. of Chester French, Rhymefest, and Kardinal Offishall, the album deftly combines the sonic influences, lyrical abilities, and subject matter from a rare mix of talents to create the ideal album.

The Rawth EP will be made into a special limited-edition 7â€ box set, which will be available in early spring.
