“Capsize” is from UK emcee’s DELS recently released debut album *GOB*. DELS is holding a contest, currently underway, which allows aspiring producers to upload their original music to the Big Dada website. At the contest’s close, DELS, along with the Big Dada staff will listen to the twenty most popular tracks, as determined by view and play counts. Upon selecting the winner, DELS will rap over the instrumental, and Big Dada will release the song through their site. For more information, including rules and guidelines for entering the contest, head over to <http://www.bigdada.com/dels-vocal/> This fall, DELS will also be hitting the road in support of *GOB*, performing throughout France and the UK. Tickets are on sale now and more information can be found here: <http://www.seetickets.com/Tour/DELS>
