

Stalley Announces Re-Release Of Lincoln Way Nights, Shares A New Video For “Chevys & Space Ships”

The big bearded Massillon, OH rapper Stalley has been holding it down for his home state for some time now. Odds are you won't catch him without the crooked Cleveland “C” on his fitted. At this point his pride for Ohio has become as much of a trademark as his beard. Now, to celebrate the place that he calls home once more, Stalley is releasing a reworked edition of his much-lauded February Lincoln Way Nights mixtape as a proper album this fall through SMC/Fontana.

SMC/Fontana's release of Lincoln Way Nights will be the first time the album is available physically. The new version of Lincoln Way Nights has been fully remastered, complete with new songs and track listing. Full details of the release to come shortly.

To celebrate news of the re-release with SMC/Fontana, Stalley has dropped a new music video for Lincoln Way Nights cut “Chevys & Space Ships”, directed by Illusive Media (Shomi Patwary and Robbie Elliott). For more Stalley info visit www.stalley330.com
