Big bearded Massillon, OH rapper Stalley has been holding it down for his home state for some time now. Odds are you won't catch him without the crooked Cleveland "C" on his fitted. At this point his pride for Ohio has become as much of a trademark as his beard. Now, to celebrate the place that he calls home once more, Stalley is releasing a reworked edition of his much-lauded February Lincoln Way Nights mixtape as a proper album this fall through SMC/Fontana.

SMC/Fontana's release of Lincoln Way Nights will be the first time the album is available physically and digitally through iTunes, Amazon, etc. The new version of Lincoln Way Nights has been fully remastered, complete with new songs and track listing, and will be available Nov. 1.

In conjunction with the announcement of the album details, Stalley is sharing another video with the world – this time for Lincoln Way Nights cut "Sound of Silence" – directed by BMike (2-Cent Films). For more Stalley info visit www.stalley330.com
