

The Internet-Cocaine

[youtube]3xaYNCBaUPQ&[/youtube]

The Internet is Syd the Kyd from Odd Future on vocals and Matt Martian handling production. This is the video for “Cocaine” and the ending is disturbing. The Internet’s debut album *Purple Naked Ladies* will be the first release on Odd Future Records before the year is over. You can also listen to [“They Say”](#) and [“Love Song-1”](#) on Soundcloud.
