

MuthaWit To Release PMS Junkie July 4th

MuthaWit's sophomore effort *PMS Junkie* is coming out July 4th. Leader Boston Fielder says, "PMS Junkie is dedicated during this election year to soldiers fighting for peace, the makers of Red Hot Blues, revolutionary feminine energy and the rapturous finality of the cluster bomb." The single "Celine In America" is a rock/ soul hybrid set inside MuthaWit's world of dissecting global disharmonies.
