

Rapper Brother Ali Arrested at Occupy Homes Protest

Brother Ali was arrested last night at an Occupy Homes Protest in his native Minneapolis. Ali says, "This is something that's happening across the boards in all communities." "This is their chance to take the lead and say 'We're going to figure out a way to solve this problem.' Outline it and commit to new approaches for the banks to work with homeowners." You can click on the link to the [City Pages](#) blog to see the arrest.
