

# **(i am) isis-Get Free**

[youtube]MpGqDZ8ECl0[/youtube]

Brooklyn-based rock band (i am) isis is two generations removed from Sly & The Family Stone with their interracial, co-ed, politically-infused soulful rock. The DIY video for ["Get Free"](#) is a montage of footage representing 21st century social issues woven with clips of their live performance at Staten Island's Fenix Studios. The *Untitled EP* is expected for release later this year.
