

YC The Cynic-Molotovs At Poseidon

[youtube]SdbJNg2dsng[/youtube]

YC The Cynic is using Greek mythology to convey his fierceness in a room full of gun-toting people while he raps “Molotovs At Poseidon.” He even references A Tribe Called Quest’s “Sucka Nigga” at the end of song for additional effect. “Molotovs At Poseidon” is the second single from his upcoming *GNK* debut.
