

Tunde Olaniran-The Highway

[youtube id="ZyvPpo-htHY"]

Tunde Olaniran is making a statement about the colonial powers that run the establishment and threaten true individual freedom by taking the lifeblood of its citizens.

Gentrification, racial profiling and capitalism overload are all taken to task with Olaniran appropriately mocking a vampire, but with a grill in his mouth. This video for "The Highway" is the first visual and single from his [Yung Archetype](#) EP that is dedicated to subverting Yungian archetypes.
