Dice Raw's visual for "Animal" uses Al Jolson, the Civil Rights Movement, racist cartoons and other images of Black white race struggles in America to convey the meaning behind his simple repeated refrain for humanity. The song is from 2013's [*Jimmy's Back*](#) which, is based on Michelle Alexander's book, [*The New Jim Crow*](#). Dice Raw also created a [documentary](#) about the prison economy to accompany the album.
