

MC Lyte-Dear John Feat. Common

“Dear John” is MC Lyte’s collaboration with Common from her first album in 11 years due for release later this year. The song is a tribute to the struggles of Black men offering them upliftment and a theme for the [#EducateOURMen](#) scholarship initiative of MC Lyte’s Hip Hop Sisters Foundation. The foundation has already given away two 100,000 university scholarships and will give away many more this year to send Black men to Historically Black Colleges and Universities. The song will also be featured on Lyte’s upcoming episode of *Being* on Centric TV September 13th at 9PM EST.
