tabi Bonney returns after 2 years of being away with a new party record about sex called "LaLa." Bonney says he was "a recluse" during this time, but he did release the single, "Poom Poom" last summer. He has not released an album or mixtape since 2012's *Lovejoy Park*. He says there is more music coming soon to follow-up the Redwine-produced "LaLa." The video for "LaLa" premiered earlier this week on Revolt TV.
