

Just in Time for Valentine's Day, Certified Master Sex Expert Nikki Ransom-Alfred Releases New Book "30 Sex Positions and Tips For Getting Wild, Rough, and Kinky"

Columbus, OH – Valentine's Day is the perfect time for all things sex and love. Certified master sex expert educator and sex and relationship coach, Nikki Ransom-Alfred, knows this all too well and is releasing of her new book 30 Sex Positions and Tips For Getting Wild, Rough, and Kinky for lovers looking for adventure. An expressive and well-articulated guide for improving one's love and sex life, "30 Sex Positions and Tips For Getting Wild, Rough, and Kinky" is also the perfect nightstand book for boosting bedside manners!

But why does sex have to be wild, rough, and kinky? As Nikki explains, "The opposite of wild, rough, and kinky is tame, soft, and clean. Tame and clean sex equals boring sex and who wants to be bored out of their mind in the bedroom? Boredom kills a sex drive and it's a recipe for disaster in your relationship actually."

"30 Sex Positions and Tips For Getting Wild, Rough, and Kinky" offers visual art alongside clear descriptions for a variety of creative sexual positions guaranteed to spice up romance. Nikki also provides detailed tips for enhancing love relationships as well. The guide is an overall reflection of

the consultations she provides during her workshops, lectures and in private consultations.

Nikki Ransom-Alfred is no newcomer to the sex game. She travels around the country teaching sex education and enrichment with a variety of presentations and seminars rated from PG-13 to XXX. The wife and mother of a "blended" family of seven, she has studied under Dr. Ava Cadell at Loveology University and holds a Master Certification in Sexual Behavior as required by the California Board of Behavioral Sciences. She is a member of the American Association of Sexuality Educators, Counselors and Therapists and has assisted and advised individuals and couples from around the world toward achieving sexual pleasure and satisfaction.

Nikki's goal is to eliminate the stigma associated with sex and position the act back to its origin as a beautiful bond between consenting adults that offers incredible physical, mental, spiritual and even psychological benefits. The sexpert has authored the e-books "69 Ways to Keep Your Man & Keep Him Happy" and "69 Ways to Please His Penis." Her work has appeared in the erotic anthology "Drink, F-, Sleep," by New York Times best selling author Karrine Steffans.

She opens "30 Sex Positions and Tips For Getting Wild, Rough, and Kinky," with the following admonishment, "I want you to have sex...and not just the regular boring vanilla sex either...I want you to have the steamy, sweaty, wild, powerful, borderline animalistic type of sex. The kind of sex that sends you into a state of euphoria, the kind of sex that's so good that it brings tears to your eyes, the kind of sex that solves every problem and releases every ounce of stress in your body with each toe-curling stroke."

If one reads and follows the advice and visuals in "30 Sex Positions and Tips For Getting Wild, Rough, and Kinky," Valentine's Day may never be the same!

Nikki Ransom-Alfred is available for speaking engagements, seminars, and workshops. She will be speaking offering her special brand of Valentine's Day sex advice at the Hustler Hollywood in Monroe, Ohio on February 11th and Hustler Hollywood in Cincinnati, Ohio on February 13th.
