

J*Davey Comes Back With Strong Anticipation

[youtube id="YqlncMEHaTE"]

J*Davey is back after three years of silence with their new single ["Strong Anticipation."](#) Brook D'Leau, who is the female half of the duo, says the song was inspired by Donna Summer and describes the video as an unsure woman finding herself amongst the three projections. Their friend Thed Jewel directed the video with the '80's as a guiding light.
