

# A Band Called Death-Playtime

[vimeo id="125719201"]

Detroit punk forefathers A Band Called Death released new material last month for the first time since 1976 with *N.E.W.* Drag City is the album's distributor and it's available in all formats including cassette, which is sold out at the moment. "Playtime" is from *N.E.W.* and three youngsters portray the kiddie versions of the bandmembers and the early enthusiasm they developed for music.
