

Grace Jones Shares Book Cover For Her Memoirs

Grace Jones committed to writing her memoirs when, as she says, “I wrote a song called “Art Groupie.” First line said “I’ll never write my memoirs” – that was a long time ago. Since then, I thought, if I don’t do it, somebody else will. The name of the book is *I’ll Never Write My Memoirs* and it’s published by Gallery Books with a release date of September 29th. Grace Jones will appear at this year’s [Afropunk](#) Festival in Brooklyn.
