Michel'Le's "No More Lies" transformed her from a background singer on the World Class Wreckin' Cru's "Turn Off The Lights" into an R&B solo star. Dr. Dre produced "No More Lies" and her entire solo album which was released on Eazy E's Ruthless Records and also produced the hits "Nicety" and "Something In My Heart." Michel'Le's second album, *Hung Jury*, was recorded for Death Row Records but it was not successful. In 2013 Michel'Le joined the cast of *R&B Divas: Los Angeles*.
