

Illa J Raps For XXL's Family Ties

[youtube id="NQdCGF01ZKc"]
Illa J raps for XXL's Family Ties series and shows how musical talent runs in his family. As J.Dilla's younger brother he's worked hard to be seen as more than the sibling of a hip-hop giant. Since 2008, he's released solo music and the public has learned to see him as more than the sibling of a hip-hop legend. His self-titled sophomore album is one of the best hip-hop albums this year.
