[youtube id="-TYlcVNI2AM"] Michael Kiwanuka's "Black Man In A White World" is from his sophomore album, *Love & Hate*. Kiwanuka is excited about his new album because Danger Mouse produced most of it as he says in a press release, "I've always wanted to make an album that felt and sounded like this one." The British soul/folk singer's *Love & Hate* will come out May 27th.
