

The Mayer Hawthorne Revue

[youtube id="6PhN0irb9WQ"] Mayer Hawthorne had two concerts at the Teragram Ballroom in Los Angeles in January and he brought all three of his bands together including Jaded Inc., Tuxedo and his Mayer Hawthorne & The County group. The video above contains highlights from both sold-out nights and you get to see Hawthorne's musical identities morph from techno to '80's R&B and finally into '70's soul. Hawthorne's [Man About Town](#) album comes out April 8th and he will take it on [tour](#) in May and Hall & Oates will join him for a few dates.
