

Divinity Roxx-We Are Official Video

[youtube id="hGmgell13u80"] Divinity Roxx's multi-genre alternative cool is her unapologetic observation of pop, soul, hip-hop, rock and jazz all at once. "We Are" is a single from her third studio album, *ImPossible*. The Atlanta native has been busy working as a bass player and musical director for a couple of Beyonce's previous tours. In between supporting Knowles and others like Erykah Badu and Patti Labelle, Roxx releases her own music.
