

All Eyez On Me Teaser

The first preview of Tupac's *All Eyez On Me* biopic came out today on his birthday. Demetrius Shipp stars as Tupac in the Benny Boom-directed feature. The teaser was posted earlier

today on Big Boy's Neighborhood Instagram page. Tupac would've been 45 today and his legend in hip-hop and pop culture continues to grow. This clip shows the irony of his former Black Panther mother warning him about the tools of self-destruction and his battle with those tools in the commercial world of gangsta rap.
