

Throwback: TLC-Get It Up

[vimeo id="98888045"] TLC recorded Prince's "Get It Up" for the *Poetic Justice* soundtrack. Prince wrote "Get It Up" under his Jamie Starr moniker for The Time's self-titled debut album. "Get It Up" was The Time's first single and it was released as a "7" with "After Hi School" on the B-side. Prince wrote, arranged and performed "Get It Up" with synthesizers from Revolution band member Doctor Fink and Morris Day's vocals. TLC's version was one of three songs from the *Poetic Justice* soundtrack to chart. TLC would cover Prince again with "If I Was Your Girlfriend" from their second album.
