

Tayla's Call Me Danger Pulls From The '80's & '00's

Tayla is a UK native and her ["Call Me Danger"](#) single pulls from '80's synth-heavy R&B and R&B/pop of the 2000's. According to Tayla: "Call Me Danger' is about feeling 100% confident and not giving a flying fuck about what anyone else thinks. Going out, having your look on point, feeling killer sexy and having the attitude to back it up."
