[youtube id="tmpGJ7P_xsw"] We're Still Here (now) is De La Soul's documentary about their *And The Anonymous Nobody* album. The making of the Kickstarter album, their almost 30-year careers and tour footage brings this piece about them into 2016. Damon Albarn and Common make appearances and talk about De La Soul's significance and their experience with them. See De La Soul's tour dates [here](#).
