Tall Black Guy is finally following up his brilliant *8 Miles From Moenart* released in 2013 with the forthcoming *Let's Take A Trip*. Â “Come With Me And Fly” featuring Yusef Rumperfield is from the new album and it's a funky cosmic stuttering of beats pierced by contained screams. According to Gilles Peterson, *Let's Take A Trip* will be released on First Word Records just like TBG's previous release.
