

Watch Kandace Springs Cover Prince's The Beautiful Ones

[youtube id="lwxXpxzz0A8"] Kandace Springs is one of a few younger artists to receive advice from Prince before his unexpected passing earlier this year. He contacted her on Twitter after seeing her perform Sam Smith's "Stay With Me" and they became email pals. Prince advised her on the direction of her music and invited her to close his 30th anniversary *Purple Rain* show. Springs was recently a guest on the SiriusXM *Heart & Soul* show and she performed a cover of Prince's "The Beautiful Ones." Springs' [Soul Eyes](#) debut was released during the summer.
