

J.Dilla's King Of Beats

J.Dilla's *King Of Beats* is 40 tracks created by him on his SP-1200 drum machine and sampler. The machine was essential to his early beat-making for artists like Busta Rhymes, A Tribe Called Quest, The Pharcyde and more. The CD release of *King Of Beats* contains 15-songs made on his MPC called *The Lost Scrolls*. The MPC was just donated to The Smithsonian's National Museum Of African American History And Culture. *King Of Beats* is available in the [US](#) and in the [UK](#).
