

# Blood Orange-I Know Official Video

[youtube id="EK6R6WfKo0M"] Blood Orange and ballet dancer Maria Kochetkova do a modern dance routine in a studio somewhere to the sound of "I Know." This is the second video from Blood Orange's *Freetown Sound* album after the visual for "Augustine." The singer/songwriter has said that Freetown Sound "Was intended for those who had been told they were not black enough, too black, too queer, not queer the right way."
