

Bruno Mars-24K Magic Album Stream

Bruno Mars' [24K Magic](#) is out today and you can stream the album courtesy of Apple Music. Mars explained to *Billboard* how his studio dress code influenced the music: “I made it a point: I’m showing up to the studio, we working, but I’m not showing up in sweats ’cause you’re going to get what sweats sounds like ... so I’m going to wear every jewelry piece I collected, and my finest shoes, and write some songs,” Mars said. “It just helped keep the motion (going).”
