

# Black Spade Celebrates The Holidays With A Black Spade Christmas

Black Spade and DJ Harrison address some of the tension in the country right now with the “Untitled Christmas Song” for the holidays. The jazz-inspired single has words of hope for people who are upset about the election and those who may be dealing with other life problems. The song is available as a free download and it is the companion song to the Prince-influenced “This Christmas (W/O U)” which came out three years ago.
