

Avery Sunshine Receives Women Of Impact Award

Avery Sunshine was honored with a Women Of Impact Award Sunday night at a private dinner hosted by Tunisha Brown, Chief of Impact Magazine. Brown celebrated the magazine's 10th anniversary by honoring Sunshine and other influential women in the music industry including special guest Karen Civil. Sunshine was happy for the award and said, "I'm excited and grateful to be acknowledged for doing something that I feel that I'm supposed to do. She continued by saying "it makes me want to continue doing more."

Sunshine released her most recent single, "Come, Do Nothing" last fall and she is getting ready to go on the Nu Soul Revival Tour on February 3rd. Musiq Soulchild is headlining the tour that features Kindred The Family Soul, Lyfe Jennings and select appearances in certain cities from Dwele, The Foreign Exchange and Chrisette Michele. Tour dates and tickets can be found at www.NuSoulRevivalTour.com.
