

# Dev Hynes Presents Single Hymn From VeilHymn Project

VeilHymn is a collaboration between Dev Hynes and Bryndon Cook and "Hymn" is the first single from their forthcoming full-length project. Cook reached out to Hynes a couple of years ago by sending him some demos. The connection led to Cook working with Hynes on his *Freetown Sound* album. The R&B duet has Cook pushing out his raw falsetto then rapping and singing with Hynes about heartbreak.
