

The Gold Setting Share Their Love Of '60's Pop With Video Star

The Gold Setting has released "Video Star" en route to the release of their *Volume and Tone EP* coming out April 7th. Vocalist Liza Colby wants to be the "Video Star" to her paramour over a soulful organ and guitar-heavy '60's pop arrangement. *Volume and Tone* will arrive after their introduction with previous singles "Being Without You" and "My Love."
