[youtube id="7LnfPrrEoec"] Watch Young M.A.'s "Red Lyfe Freestyle" and listen to her rap about her fierceness, her love of weed and lack of worries about her competitors. The Brooklyn rapper is proving her stamina beyond her viral hit "Ooouuu" that took over last year. The freestyle created for the 4/20 Cannabis holiday was made for production company MadMisfit as their first release. Young M.A. is currently working on the *Her Story* EP and the forthcoming *Her Story In The Making* debut album.
