

Cheo Hodari Coker Talks About Luke Cage

[youtube id="r9vgJ0J0QRU"] *Luke Cage* creator Cheo Hodari Coker talks to BlackTree TV about the show, Mahershala Ali and his latest choices in binge-watching. When asked what he wanted for season 2 Coker told Mashable:

"Just bulletproof dopeness" And he also used A Tribe Called Quest; "The analogy I say is that, I want Season 2 to be 'The Low End Theory. Low End Theory, if you're a hip-hop fan, you know that that's A Tribe Called Quest's second record. The first record, People's Instinctive Travels and the Paths of Rhythm, was great, but then Low End Theory was the record that everyone says ... when they think of A Tribe Called Quest taking it to the next level."

[Mike Colter](#), who plays the role of *Luke Cage*, hopes to see the show's new season out early next year.
