

M.I.A. Releases Video For Finally

[youtube id="C-CeBpV-XUk"] M.I.A.'s "Finally" is her message to the world about her naysayers and their non-existent influence on her. In the video, she is surrounded by the desert and ocean somewhere in Senegal as flags representing the Iraq war and anarchist communism move in the background. "Finally" is from last year's [A.I.M.](#) and she is on [tour](#) this summer.
