

Amerigo Gazaway Releasing A Common Wonder

[youtube id="BHLymSdxbJE"] Amerigo Gazaway is launching his new project featuring Stevie Wonder and Common which he calls A Common Wonder. Gazaway's gift for imagining great musical collaborations has a seed from Common's "Black America Again" duet with Wonder. Gazaway uses documentary soundbites, interview audio and multitrack instrument stems to create a fictitious full-length album studio session between Wonder and Common. Watch the video teaser above and download the first song ["The Sixth Superstition"](#) from the forthcoming album for free.
