

# MF Doom Releasing First KMD Album In 24 Years

MF Doom is releasing a new KMD album after almost 25 years and "True Lightyears" featuring Jay Electronica is a preview of the new music. Adult Swim debuted the song as part of *The Missing Notebook Rhymes* series which will premiere 15 MF Doom songs in the following weeks. It's been since 1993 when KMD released *Black Bastards* and the controversial artwork got them released from Elektra Records. The new KMD album is called *Crack In Time*.
