

# Little Simz Performs Backseat For COLORS

[youtube id="ThCbl10-1pA"] Little Simz's sophomore album *Stillness In Wonderland* was released at the end of last year and the single "Backseat" emerged this past spring. The London rapper performed "Backseat" for COLORS and the performance becomes an unofficial video for the song. She's touring Australia this month and will be back onstage in her native England for a December show in Manchester.
