

Shabazz Palaces: Since C.A.Y.A. Official Video

[youtube id="tEwk8gEhCoo"] Shabazz Palaces' video for "Since C.A.Y.A." stars Palaceer Lazaro in non-linear narrative directed by previous collaborator Kahlil Joseph. Lazaro explores the streets sometimes with snakes around his ankles, there are scenes of a river and he later walks through a tunnel. There seems to be a reference to Seattle's Central Area Youth Association in one of many shots and the whole video is shot in charcoal tones courtesy of cinematographer Marcus Reposar.
