

Flying Lotus Drops Video For Post Requisite

[youtube id="2XY0EHSXyk0"] Flying Lotus has a video for his new song "Post Requisite." The clip is a moving collage of everything from drugs to footage from vintage commercials all blended together as Thundercat's trance-inducing bass leads the way. Flying Lotus is finishing his next studio album for Warp and he's touring his ebullient 3D show. [Tickets](#) are on sale now.
